

Charnwood Bay 5

charnwood 

The first BAY 5 picture features a patterned vitreous enamel surround. This luxurious surface finish is exceptionally durable and withstands the heat from the stove. The BAY 5 is the definitive new inset wood burning stove from Charnwood. This stove features a large landscape window, framed with a gently curved surround. Delivering 5kw of heat to the room, the BAY 5 features new burn technology and is incredibly simple to operate. We are the premier dealer for Charnwood in Cornwall.

The Charnwood Bay 5 already meets the new emissions regulations being introduced in 2022.
