

Stuv 30-compact H

The Stuv 30-compact H fits perfectly into the Stuv 30 line, the first stove to offer three usage modes. It still remains revolutionary today, with its three doors that rotate to match your mood. The glass calls you to admire the entrancing spectacle of the flames. Without glass, the open fire allows you to enjoy the cracking of the fire which puts out a pleasant heat. Finally, with a closed door, you get gentle heat throughout the house. It's not at all complicated to change usage mode, all you have to do is rotate the door of your choice in front of the stove opening.
