

Contura 870 Style

Contura

Raise your stove and give the fire pride of place in your interior. A pedestal-mounted stove makes the fire more visible. It also provides an airy look underneath, and makes floor cleaning around the stove easier. With a turntable (optional), you can orient your stove smoothly full-circle for the best and cosiest view.

The entire Contura range already meets Government Regulations for emissions being introduced in 2022

Design features include:

- Autostarter for fast fire-lighting
- A booster to revive embers
- A silently sliding ash pan

You can find out more about this fire and the rest of the 800 range [here](#)

Specifications

- Height: 1100
